FIRST CORINTHIANS

Group Study Guide

September 3, 2023

Pray

- Father, thank you for giving us space to come and worship You.
- May we lay aside all distractions as we come to encounter You.
- Give us hearts overflowing with Your love and may we live to build up the believers around us.

Read 1 Corinthians 14:26-40

- What is the goal when brothers come together? (26)
- Why is it important to have order during worship? (27-33)
- How does Paul say everything is to be done? (34-40)

Discuss

- How have you experienced different styles of church services that have kept the essential structure that Paul lays out?
- How do you contribute to building up brothers & sisters in Christ?
- Have you ever found yourself simply consuming and not contributing to the local church?
- Why is it important for there to be order in our worship services today?

Next Steps

- We talk all the time about the importance of being a partner not just a consumer when you come to church.
 - In what ways have you limited your impact by being more of a consumer than a partner?
 - What preferences do you need to surrender today?
 - How can you partner and build up the church in this next season?
