

GOD'S JUST GETTING STARTED

Church Family,

As I recently looked around a room full of spiritual leaders at Chapel Pointe, I saw the number of men and women serving faithfully, going on missions, praying over their families, and speaking to their friends about the power of a Savior. In that moment, I recognized something incredibly significant. Regardless of all that God has done in the past several years in the ministry of Chapel Pointe, **God is just getting started.**

When men, women, and children all exercise their giftedness in the same trajectory of a king, God does miraculous things. Thank you for being a part of the story. Thank you for participating in the movement. Thank you for being brothers and sisters in Christ. Pray for our faithfulness as we participate in all that God desires. God's glory and God's purpose are what we are after. **He's just getting started!**

Grace and Peace,

Pastor Joel Wayne

God is answering our prayers for more space for people to come and experience the presence of God. While we are celebrating how God is using these locations to multiply transformed followers of Jesus and reach more people with the Word of God, **we know that God is just getting started.** Will you join us in praying for the next Chapel Pointe locations? Will you join us in praying for the next church planters? How is God calling you to help as we see God continue to open doors?

BARNABAS PROJECT Goal \$10MM

As God continues to move and call Chapel Pointe to greater things, the need for effective ministry space is ever increasing. In response to this call, the Barnabas Project was launched which allows us to add children's ministry space, a counseling center, additional meeting rooms, administrative space, and accomplish other physical improvements. However, the real celebration is in how God has moved in the hearts of those invested in this ministry. At just twelve months (33% of the campaign complete), we have received 54% of the total amount pledged over 3 years. **God is just getting started!**

GROUPS

At Go Weekend for cpStudents, 32 students surrendered to a call to vocational ministry. Through a strategic leadership development group, these students are growing in their faith while being given opportunities to explore that calling. We are called to multiply transformed followers of Jesus and we see that happening through 77% of small groups multiplying into new groups. **We believe God is just getting started.**
